RECOMMENDATION: Approval, subject to comments from the Department of General Services

STAFF: Ervin McDaniel

PETITIONER(S): Apex Oil Company

OWNER: Same

SITE/ GENERAL AREA

Site Conditions: The affected right-of-way lies within the Fairfield neighborhood. The area is primarily industrial with oil and automobile storage facilities. The area is zoned M-3.

HISTORY

- Ordinance #04-810, approved on October 6, 2004 established the Fairfield Urban Renewal Plan.

CONFORMITY TO PLANS

The proposed Final Subdivision and Development Plan are in conformance with the Fairfield Urban Renewal Plan. This project is also consistent with the Comprehensive Master Plan's EARN section, Goal One: Strengthen Identified Growth Sectors, Objective One: Retain and Attract Businesses in all Growth Sectors.

ANALYSIS

City Council Bill #10-0598, if approved, would grant a franchise to Apex Oil Company to construct, use and maintain a private pipeline under and across a portion of the 1800 block of Frankfurst Avenue right-of-way, connecting facilities located on the properties known as

NUStar-LP Terminal pier and Center Point on Vera Street, subject to certain terms, conditions, and reservations; and providing for a special effective date. The pipeline will run approximately 4,400 linear feet between the two oil storage facilities.

This franchise will cover the 60-foot right-of-way of Frankfurst Avenue. The pipeline will be crossing approximately six feet below the surface of the Frankfurst Avenue right-of-way. The installation of the pipeline is not expected to unduly interfere with traffic on Frankfurst Avenue. All appropriate agreements with the owners of the impacted properties will be obtained prior to start of construction.

The Brooklyn and Curtis Bay Coalition was notified of this action.
